EXTENSIVE RANGE OF URINAL SCREENS

CHEMSOLVE brings the most extensive range of Urinal Screens to the Australian market. Many of these Urinal Screens are made from superior quality Ethylene Vinyl Acetate (EVA) which is a softer & flexible polymer, considered to be a safer alternative to PVC with numerous benefits:

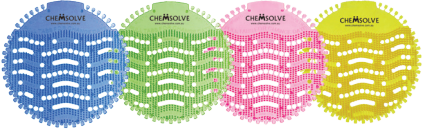

- ✓ BPA & Phthalates free
- ✓ 100% Recyclable & Environmentally friendly
- ✓ Anti-splash properties with long bristles, reduces cleaning time
- ✓ High perfume content masks bad odour, yet low Volatile Organic Compounds (VOCs)
- ✓ Provides continuous fragrance for a minimum of 30 to a maximum of 60 days
- ✓ Minimises drain clogging by breaking down Uric acid
- ✓ Eliminates the use of harsh or toxic chemicals & saves water

To order now, please call 0435 313 535 or email dhaval@chemsolve.com.au
